REMARKS	50X1-HUM

1. There were no aircraft at the Tutow (L 54/P 60) airfield. About 20 Soviet Air Force soldiers were quartered in two cantonment buildings on the eastern edge of the field. Truck [REDACTED] was assigned to the soldiers. 50X1-HUM
2. The southern section of the landing field was covered with grass and was serviceable. The northern section, which was guarded by sentries wearing black-bordered blue epaulets, was not serviceable because wooden frames looking like airplanes had been set up. ** German workers were cleaning the building at the airfield. [REDACTED] the northern landing field was being used as a bombing range and that all German workers had to leave the field during bomb release training. 50X1-HUM

- * [REDACTED] Comment. The motor vehicle [REDACTED] that the air force soldiers are assigned to the ground unit of a fighter unit. There are no indications that the field is occupied by an air unit. 50X1-HUM
- ** [REDACTED] Comment. Neither field is occupied by an air unit.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
